Juan Manuel Trujillo (Spain)
ETF, Chair ETF-Workers Fishing department

When did you start to participate in LDAC meetings? What is your motivation for participating in them?

Since LDAC was set up.

My motivation to participate is to promote well-being and social justice within the European fisheries sector and in its external dimension as well as the solidarity among fishery workers.

What are in your view the three main priorities/current challenges for achieving sustainable fisheries?

Fishing has 3 axes that must be aligned, there cannot be one prioritised over another, as sustainability has to be integral and therefore it must be economically, socially and environmentally sustainable.

Can you name an inspiring figure in your field of expertise?

Félix Rodríguez de la Fuente (a Spanish environmentalist and educator).

Which book, radio show, TV series or film related to the sea would you recommend?

In terms of media: Agrosfera (TV) and “Españoles en la Mar” (radio). A book: “Los desafíos de la pesca sostenible” by Francisca Fernández Prol as well as Food and Agriculture Organisation (FAO) publications.

What is your favourite fish dish and why?

Like a good “malagueño” (man from Málaga), grilled fish of any kind!
