Subject: NAFO Annual Meeting

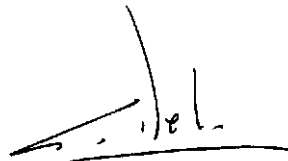

Dear Mr Cabral,

Thank you for your letter dated 17 September 2008 providing RAC advice on the above matter. Unfortunately, this letter did not reach us until after the Annual Meeting had taken place.

The Commission is nonetheless grateful that representatives from the Long Distance RAC were able to participate in the preparatory meeting which the Commission organised in Brussels on 4 September 2008 and that the LDRAC was also represented at the Annual Meeting.

The Commission therefore assumes that the LDRAC is fully aware of, and satisfied with, the results of that meeting, which we consider to be in line with the advice provided by the LDRAC.

Yours sincerely,

Fokion Fotiadis *FO*
